Maternal Power Production Sale

Silent Auction Format

December 9th thru 17th
At the Ranch - Drummond, Mt

70 Head Sell
55 Bulls
15 Bred Heifers

Welcome Cattlemen to our 4th annual Maternal Power Production Sale. We will again be offering our cattle in a silent auction format running for several days. New this year will be the inclusion of 3 groups of commercial bred heifers in addition to our bulls. We are very excited about the quality of cattle we have to offer for sale this year. We have expanded the number of bulls we have to sell this year, but have still been very critical in our selection process of those making the cut.

2019 has been an extremely challenging year for those in Agriculture between the difficult weather in many areas of the country and the disappointing markets. It is good we are a determined and tough breed with confidence that next year will see improvements. This along with the joy we gain from our daily work environment keeps us going! We have lowered our base price on the bulls this year a little considering the calf market this Fall. We have optimism that 2020 has better things in store for those of us feeding the world.

Our family has been blessed this year in many ways and our children continue to grow in many ways. Melanie will be graduating from college in December and is headed to work for World West Sire Services near Billings, MT. Joseph and Aubrey were here on the ranch this summer and great help. They are now back down in Rexburg, Idaho continuing their schooling. The biggest news is they just had our first grandchild, a daughter named Jaycie Lynn! Spencer continues to serve as a missionary in Layton, UT for the Church of Jesus Christ of Latter Day Saints. We are anxious for his return late June. Deana and Scott continue to be involved in 4-H, many sports, and helping on the ranch. We are grateful for all of our family and the blessing of being close and involved with so many of them daily!

We are thankful for you, our friends and customers, and your continued interest and support of our program and cattle! It is truly an honor to be entrusted with your confidence in our genetics and the role they play in your success and profit. We look forward to visiting with you in regards to the sale offering and would welcome your visit or questions. We look forward to visiting with you this December!

Sincerely, *The Parke Family*

Parke Ranch

Sale Procedure:

- * Cattle will sell in a silent auction format with bidding opening at noon on Dec. 9th, 2019.
- * Bulls have a starting base price which is listed in the catalog (\$2,400, \$2,900, & \$3,400). Heifers will sell in small groups with a base price on a per head basis.
- * Bidders may place a bid at base price on any lot without a bid or raise the bid by a minimum of \$100 on any bull with a current bid and \$25 on the heifer lots. Bidding will continue until the sale closes on Dec. 17th at 2 pm.
- * Bids may be placed with Eaf via phone, text, email, or in person anytime during the sale period.
- * Any lots receiving an increasing bid on Tuesday Dec. 17th may be involved in an oral bid off at the sales close between the last bidder before the 17th and any bidders on the 17th. Bid offs will be handled in order of price and as quickly as the contending bidders can be reached after 2pm.
- * Any lots without a bid during the 17th are considered sold to the leading bidder when the sale closes at 2 pm on the 17th.
- * Any lots without a base bid will be available for sale at the base price at the conclusion of the sale on a first come basis.
- * We would encourage bidding early in the sale period to reduce the number of bid offs and to allow you to move to other lots.
- * A spreadsheet will be updated frequently with current bids on our website at www.parkeranch.com or you may request update notifications on your bidding status.

Sale Terms and Details:

- * Females need to be picked up by the buyers before Dec. 31st.
- * 1/2 of purchase price is due at sales conclusion with the balance due at delivery.
- * Bulls will be fed free of charge and at our risk until delivery beginning around March 20th.
- * Bulls will be delivered free of charge up to 500 miles with any additional mileage at cost.
- * All bulls are fully guaranteed for the first breeding season for disposition, structural soundness, and fertility.
- * We will notify you as soon as possible if any bulls are injured in our care or do not pass the semen test. You may select a replacement bull if one is available or receive a refund of your payment.
- * Parke Ranch is retaining 1/3 semen interest on all sale bulls and will collect semen before delivery, at our cost, on any we desire to use in our AI program. You have full salvage value.
- * A volume discount of 5% will be given on any purchase of 5 or more bulls.

Bull History & Development

- * Bulls had actual birthweights taken with a scale at birth.
- * They have been raised without creep. Just milk and grass.
- * Sale bulls are the top 40% of our male calves. They were sorted many times for based on dam quality, birthweight, disposition, confirmation, performance, and soundness.
- * Bulls were weaned on October 2nd and are being fed free choice long stem mixed hay and 6 lbs of bull challenger pellets.
- * They will be fed for a 2.8 lbs/day gain to grow them out while ensuring soundness and longevity.
- * Bulls will be semen tested in March and be vaccinated and ready for turn out.
- * Fall vaccinations included: Vision 8, Pyramid 5, Autogenous Type A, Autogenous Respiratory, Multi-Min, and Footrot. Spring vaccinations will include: Vision 8, Footrot, Presponse, and IBR.

Catalog Details:

- * All double black bulls were DNA tested for coat color and those found to be homozygous black are designated in catalog .
- * Base prices are listed in the upper right hand corner.
- * Dams average on calves birthweights and weaning indexes are listed along with her udder score (first digit represents udder suspension and second digit is teat size with 9 being the best and 1 the worst).
- * The listed EPD's are from the American Salers Association.

Cattle Inspection:

- * Cattle are available for inspection at any time now or during the sale period. If you desire to call ahead we can make accommodations to improve your viewing experience.
- * Have lunch on us. Plan a little extra time when you come to look at cattle and have a famous Parkers Hamburger on us at the restaurant in Drummond (they are closed Sun. & Mon.).
- * Exit interstate 90 at Drummond and head south on Hwy #1. After 2.6 miles turn east on Mullan Road and then travel 1.5 miles and our ranch is on the left.

Additional Information:

- * Videos of the individual bulls and heifer groups will be up on our website by Dec. 1st.
- * We will have updated current weights and scrotal measurements on all sale bulls at the start of the sale. These will be available on our website or when you come to the ranch.

New at Parke Ranch:

- * We have a few bulls available this year that are a 3 way cross of Salers X Angus X Simmental. We are calling these Enhancers and feel they can offer your program some positive things.

Bred Heifers

These bred heifers were bred, born, and raised here on our ranch. They are from our 103 heifer calves we retained last fall. They have been developed on concentrates. They were bred to our AI sires can be found on the previous had one open heifer out of the group ers sell as commercial heifers even females. We have been selling a year for 20 years. This year they will with our bulls. The base price for the here and the bidding will proceed

long stem grass hay without any con- and clean up herd sires. Reference page and throughout the catalog. We after a 70 day exposure. These heif- though most of them are registered group of 15 to 25 bred heifers every sell during our silent auction along groups on a per head basis are listed with \$25 minimum bid increases until

the close of the sale at 2 pm on the 17th. We would ask that you pick up your heifers by the end of the year. There will be a video of the heifer groups on our website or you may come and view the cattle at your convenience.
